Career Objectives

Aspiring to leverage my hands-on experience as a full-stack Web Developer to contribute to dynamic and innovative projects. Proficient in the MERN stack (MongoDB, Express.js, React.js, Node.js) with a solid foundation in Java and JavaScript. Eager to apply my skills in both frontend and backend development, integrate AI models, and build user-centric solutions. Committed to writing clean, efficient code and thriving in collaborative, fast-paced development environments.

Educational Qualifications

Roorkee Institute Of Technology

Bachelor of Technology in Computer Science and Engineering (Pursuing)

Nov 2022 – Jun 2026

Roorkee, Uttarakhand

Holy Kids International School

Secondary High School in Science

Jul 2018 – Mar 2020

Saran, Bihar

Maxwell High School

High School

Mar 2016 – Jun 2018

Sonepur, Bihar

Technical Skills

Programming Languages: JavaScript, Java, HTML, CSS

Technologies & Frameworks: React.js, Next.js, Node.js, Express.js, Bootstrap, Tailwind CSS

Database: MongoDB, Mongoose

Concepts: React Hooks, REST APIs, JWT Authentication, Component Lifecycle, Routing (React Router)

Developer Tools & Version Controls: VS Code, Git, GitHub

Cloud Platforms & Deployment: Vercel, Netlify, Cloudinary

Soft Skills: Team Collaboration, Problem Solving, Time Management, Communication

Projects

Idea Engine | React, Node.js, Express.js, JWT, Google Gemini AI

March 2024 – May 2024 (3 Months)

- Developed a full-stack web application enabling users to generate business ideas and growth strategies based on AI-driven analysis
- Integrated secure user authentication and personalized business questionnaires to capture user input effectively.
- Leveraged Google's Gemini ML model to analyze user data and generate tailored business blueprints.
- Delivered step-by-step growth recommendations, increasing user engagement and platform utility.

Work Experience

The Entrepreneurship Network

March 2024 – June 2024 (3 Months)

Web-Developer Intern

Noida, Uttar-Pradesh

- Expanded full-stack web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js), contributing to both client-facing and internal tools.
- Collaborated with senior developers on complex corporate projects, ensuring high-quality design and code consistency.
- Designed and implemented key project features, improving workflow efficiency and enhancing user experience across platforms.
- Completed end-to-end development tasks including secure backend APIs and responsive frontend components for scalable web solutions.
